

ARTISHOCK  
MIXED REALITY COLLECTIVE

## PRIVACY POLICY

To create a special Augmented Reality experience for you this app needs to use the camera of your device.

When you aim the camera at (one of) the reference image(s) you will be shown an amazing example of Augmented Reality.

The aim of this app is **only** to give you this wonderful experience.  
The camera will **only** be used to create the Augmented Reality.  
The camera will **not** be used to collect or store any information for any other purpose.

## Contact

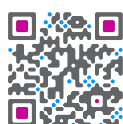

ArtiShock is the company that produced this app with the use of the third party program Unity3D (<https://unity3d.com/legal/privacy-policy>).

If you have any questions or concerns about our Privacy Policy or the way this app handles your information please contact us at ArtiShock: [projects@artishock.com](mailto:projects@artishock.com)

## Third party software:

Unity 3D  
<https://unity3d.com/legal/privacy-policy>

Date  
This Privacy Policy was created 20th of December 2018. The way the app deals with the information from the camera has always been in line with the current Privacy Policy though.
